

# Polyguard® 650 Membrane Sheet Waterproofing Membrane

**Available in: 200 SF roll  
48" x 50'  
1 roll per carton**

## Features & Benefits

- Factory bonding assures 60-mil uniform thickness
- Wide membrane width allows for fast and easy application, with reduced seams on continuous flat surfaces
- Detail Tape available for trim corners, construction joints, and other applications
- Release film does not tear like paper release
- Extended selvage edge provides asphalt-to-asphalt adhesion at the seam
- White color to help reflect heat
- The 650 membrane can be utilized in the Dual Core System that capitalizes on both the advantages of a fluid-applied and sheet-applied membrane in a single system
