**071326** – Self-Adhering Sheet Waterproofing

**071326** – Self-Adhering Sheet Waterproofing

**076100** – Sheet Metal Roofing

**076200** – Sheet Metal Flashing and Trim

**072729** – Air Barrier Coatings

**072729** – Air Barrier Coatings

**071416** – Cold Fluid-Applied Waterproofing

**071416** – Cold Fluid-Applied Waterproofing

**071416** – Cold Fluid-Applied Waterproofing

**071416** – Cold Fluid-Applied Waterproofing

### Product/Type

**Underseal® Underslab Membrane** – bonded HDPE or Polyethylene Sheet for Blindside Horizontal Applications

**Polyguard 650** – Modified Bituminous Sheet  
**Polyguard 650** – Modified Bituminous Sheet

**Underseal® Blindside Membrane** – Bonded HDPE or Polyethylene Sheet for Blindside Vertical Applications

**Polyguard NW-75** – Modified Bituminous Deck-Paving Sheet

**Polyguard Deckguard HT** – Self-Adhering High Temperature Sheet

**Polyguard Deckguard HT** – Self-Adhering High Temperature Sheet

**Airlok Flex VP** – Vapor-Permeable Air Barrier Coating

**Airlok Flex** – Vapor-Retarding, Air Barrier Coating

**Commercial Stretch** – Single-component Modified Polyurethane Waterproofing

**Polyguard Flow 10-P** – Nonwoven, geotextile-faced, molded-sheet drainage panel with Polymeric film

**Polyguard Flow 15-P** – Nonwoven, geotextile-faced, molded-sheet drainage panel with Polymeric film

**Polyguard Flow 18-H** – Nonwoven, geotextile-faced, molded-sheet drainage panel with Polymeric film

**042000** – Unit Masonry  
**042200** – Concrete Unit Masonry  
**042113** – Brick Masonry  
**044313.13** – Anchored Stone Masonry Veneer  
**044313.16** – Adhered Stone Masonry Veneer  
**042613** – Masonry Veneer  
**072500** – Weather Barriers

**Polyguard 300** – Rubberized-Asphalt  
Flashing

**042000** – Unit Masonry  
**042200** – Concrete Unit Masonry  
**042113** – Brick Masonry  
**044313.13** – Anchored Stone Masonry Veneer  
**044313.16** – Adhered Stone Masonry Veneer  
**042613** – Masonry Veneer  
**072500** – Weather Barriers

**Polyguard 400** – Rubberized-Asphalt  
Flashing

We will be submitting our PRM Membrane, AirlokFlex<sup>®</sup> WG and other products in the very near future. It is important to note that some of these listings have been in Master Spec for quite some time, and might reference old product names and incorrect specification information. We are currently reviewing all of these listings and working to get them updated within Master Spec as quickly as possible, however we have noticed that their cycle to approve new listings is very slow, in some cases up to a year, and we are hoping to work with them to improve this effort.

We encourage you to use this list as a tool to inform architects that the majority of our major products are already accepted and included. It is also an opportunity to point them to our CSPECS online specifications program available on our website for current product specifications and technical information.

We are continually striving to help you grow your business and will continue to keep you updated on our progress with Master Spec.

Regards,

Karen Rutherford
